

Ice Crystal ... Candlesticks

(for all)

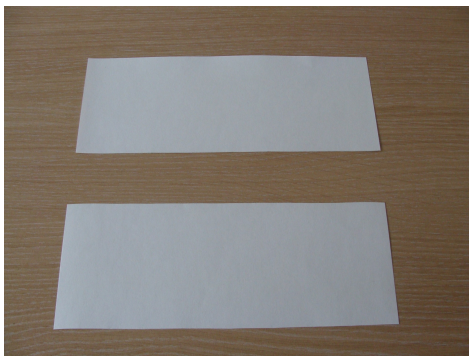

*A warm polar atmosphere is
guaranteed
with these ice crystal decorated
candlesticks . . .*

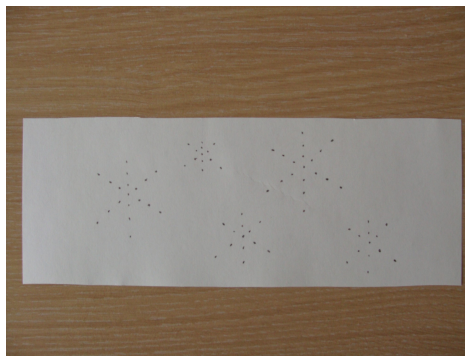

You will need :

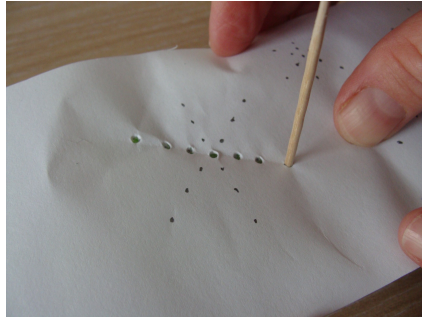

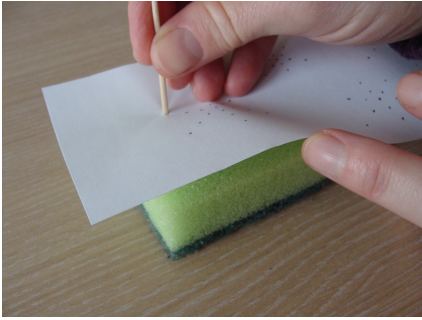

- *glass jars, small tea light candles*
- *a sponge, a toothpick*
- *some white paper*
- *a ruler, scissors, sticky tape*

*Measure the height
and circumference
of the selected jar ...
Cut a strip of paper to cover it.*

*Draw different sized ice crystals,
using a pencil to softly draw
the dots . . . look at the picture !*

Put your drawing on a small kitchen sponge . . .

Using a wooden toothpick, prick holes through each spot on your drawing . . .

Wrap your drawing around the jar.

Stick the 2 edges together with sticky tape . . .

Put a small tea light candle in the jar and,

with the help of an adult, light it . . .

YOUR ICE CRYSTALS

WILL SPARKLE !!!
