

Walrus ... name holder (6-8 years old)

To find his place at the table ...

put a name holder walrus

on each plate !

Material

*1 thick sheet of brown or white paper
recycled cardboard
scissors, glue, a black marker,
something to color.*

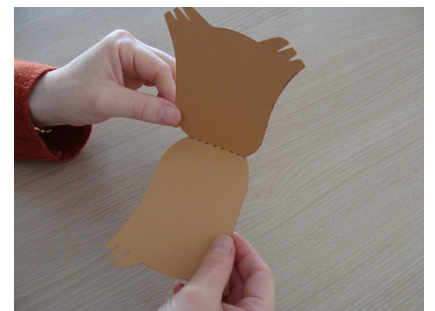

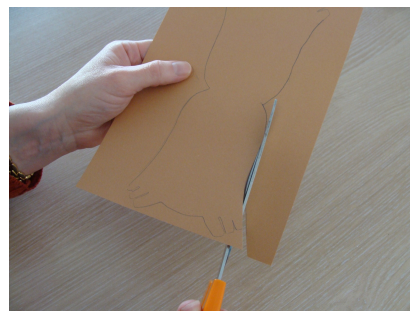

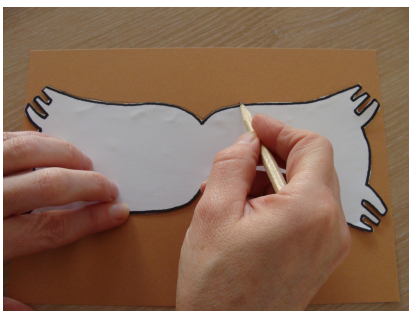

*To print the pattern see
on the previous page*

*Stick the sheet with the
drawing on the recycled
cardboard and cut out
the 2 forms.*

So you obtain a template which will allow you

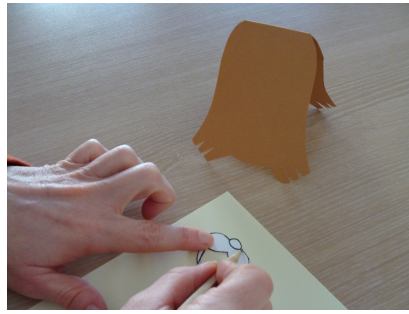

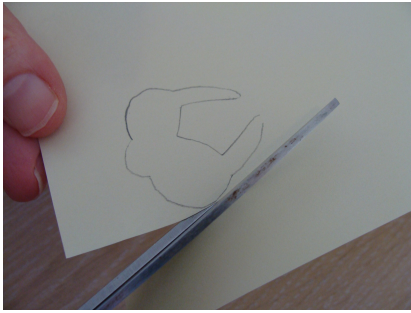

to make a lot of walrus.

Using a pencil, trace around the body's template on a thick brown sheet of paper or on a white sheet if you prefer color.

Cut your drawing carefully.

Then, fold in 2 parts the traced form, like on the picture.

Do the same with the snout's template but choose a paper with a pale color (ivory, white, beige, light yellow)

Stick the snout on the body then draw the eyes.

Then color the dark brown circle and mark the outline with a black marker, like on the picture.

End drawing the points where the whiskers go out of .

***Using your best writing,
note down your friend's name
above the walrus' paws.***

Be inventive !!!

Play with the colors and match the walrus to the tablecloth.
