

Classy, cheap and polar... recycle school supplies !

(8 - 12 years old)

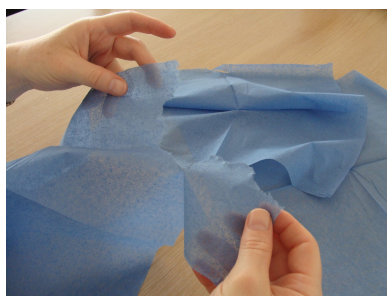

*To protect the planet, do not waste more !
Give a second life to your school supplies !!!*

To print the bear, see on the previous page

You need :

- binder or folder ... to renew
- 3-ply paper napkins
- wallpaper paste
- string or rope
- 1 brush paint, scissors

Separate the layers of napkins and tear them into pieces !

*Prepare the glue as
shown on the box ...*

*Put glue on the binder or folder ...
and then place the pieces of light blue napkin on the glue ...
then put another layer of glue over the napkins . . . and let it dry !!!*

Repeat the process several times ... let it dry between layers !

You should get a nice light blue background !!!

Cut little pieces of string, spell and glue the title you want . . .

*For sea ice and polynyas (unfrozen sea) mix the white and dark blue pieces . . .
. . . Cover the title with 2 or 3 layers of napkins !!!*

*Let dry it . . . then fold the edges toward the inside
of the binder or folder and glue them down !*

Glue the bear where you want . . .

*To make your material stronger, you can varnish it or cover it
with a transparent plastic or laminante sheet.*

*. . . if it should become damaged,
you can repair it by adding layers of napkins !!!*
