

Polar Christmas decoration ... reindeer to hang up on the Christmas tree (6-8 years old)

For Christmas ...

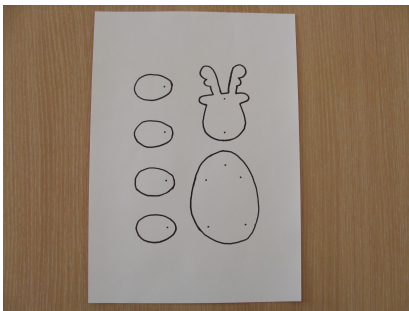

a polar decoration

to hang up on the Christmas tree !

Material

*1 white sheet of paper to print
a thin piece of recycled cardboard
a punch, scissors, glue, a pin, a piece of string
something to color.*

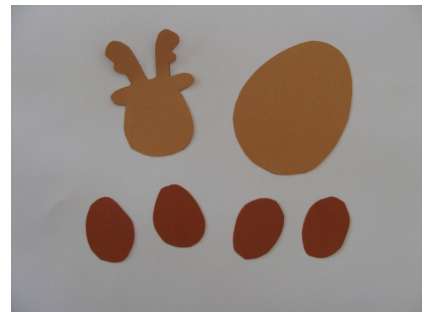

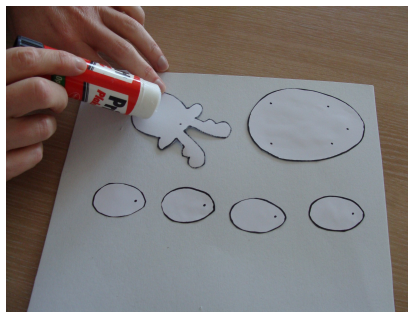

To print the pattern, see on the previous page

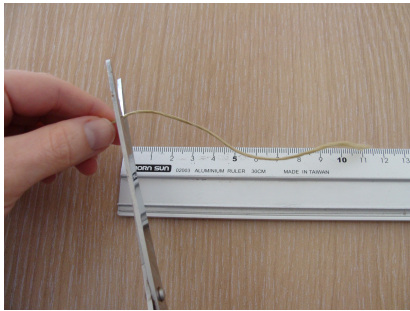

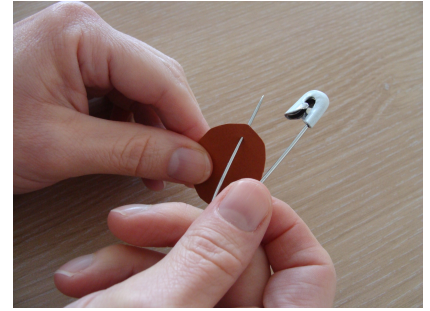

Cut out each piece then stick them on the thin cardboard in order to make them more solid.

*Then color them in 2 brown shades,
then cut the cardboard.*

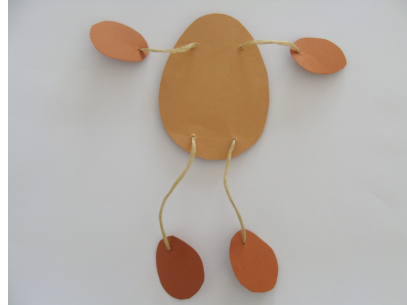

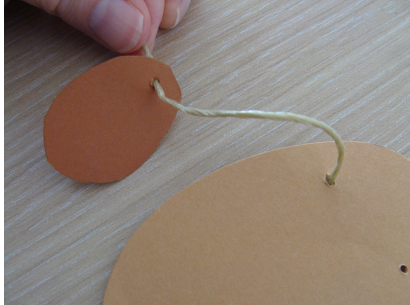

Use brown paper if you don't like color !

With a pin, pierce a hole in the 4 forms which represent the paws.

Cut 4 string pieces around 10 cm in length and make just one knot at the end of each of them.

*With the string, tie the paws to the reindeer's body.
Make a knot at the back and adjust the length like on the picture.*

Ask for an adult's help if it's too complicated.

*For the eyes,
use circles
made with the punch.*

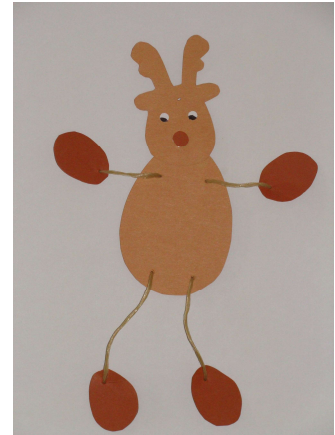

*A black line will give
them life.*

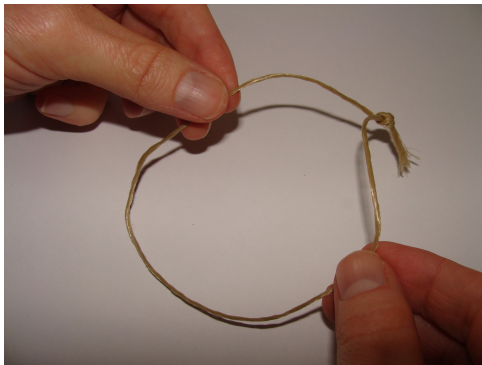

*For the snout,
stick on a dark brown circle.*

Stick the head to the body, slightly leaning !

*Cut a string piece around 20 cm in length
and make a knot.*

Then ask an adult to help you to tie the string to the reindeer's head.

*The more reindeer you make,
the more beautiful
the Christmas tree will be !*
